Biography

SAMANTHA YVONNE • FOUNDER

At 48, after rebuilding my health, business, and life, I learned that chaos is not the end of the story. It is the beginning of the strategy.

Samantha Yvonne handles chaos and brings clarity. She is the Founder and Lead Strategist of The Fixer Firm, a boutique strategic intervention firm specializing in IRS defense, tax resolution, tax strategy, claims consulting, business recovery, and financial clarity for entrepreneurs in crisis. Since founding the firm in 2018, she has resolved over \$150,000 with the IRS on behalf of her clients. When everything is on fire, she is the one they call.

Her story is one of total transformation. After bariatric surgery, she committed to the daily work and released 200 pounds, becoming a runner and hiker in the process. She rebuilt her finances and her business from the ground up and emerged with a faith driven identity as a warrior and a rebuild. That lived experience now anchors everything she creates across wellness, media, and strategy.

Her qualifications run deep. She holds an MBA in Accounting and a bachelor's degree in Criminology with a minor in Business from Saint Leo University. She is an IRS Certifying Acceptance Agent with AFSP recognition and an Enrolled Agent candidate. She has prepared taxes for over 12 years, and she spent 21 years as a liability and property and casualty claims adjuster for USAA, The Hartford, and Sedgwick. She knows how to read a file, follow the money, and find what others miss.

She is also a licensed prophet in ministry and the founder of The Fixer's Table, where her calling to restore people meets her gift for rebuilding lives. She is the published author of five books and a sought after voice on business recovery, faith, and leadership.

Help people rebuild after chaos. That is the mission behind every company, every book, and every stage.
